

# CINOART PT2(Precision Tamp2) Parts List

	Part No.	Name	Photo	Description	
	CA-1	Main Control Board	 <p>A green printed circuit board (PCB) populated with various electronic components. It features several integrated circuits, resistors, capacitors, and connectors. The website address 'www.cinoart.com' is printed at the top of the board.</p>	Main control board of PT2	
	CA-2	Control Panel	 <p>A black plastic control panel with a small LCD display at the top. Below the display are several push buttons: three labeled '10kg', '20kg', and '30kg', and two labeled 'Up' and 'Down'. A green ribbon cable is connected to the left side of the panel.</p>	Control panel of PT2	
	CA-3	Motor	 <p>A cylindrical metal motor with a silver finish. A label on the side provides the following specifications: CINOART Automatic Tamp PT2 Motor, Model: HY02-12-A5-119-25, Input Voltage: 12VDC, Stroke Length: 25mm, Duty Cycle: 10%. A black power cable is attached to the bottom.</p>	Motor of PT2	

	CA-4	Sensor		Sensor of PT2	
	CA-5	Power Adapter		Power Adapter With KC certificate	
	CA-6	Power Cable		Power Cable With KC certificate	
	CA-7	Guide Plate		Guide Plate	
	CA-8-2 CA-8-3 CA-8-5 CA-8-6 CA-8-7	-58mm -57mm -54.3mm -54mm -53mm  Tamper		Tamper with coating	

	CA-9	Adjust Module		Adjust Module for 54mm basket	
	CA-10	Springs		Springs for PT2
